

Fellow liberty lovers,

Welcome to the monthly newsletter – November edition, the final one before the election.

6

As of the writing and transmitting of this newsletter there are only 6 days until election day. Early voting ends tomorrow across the state of Tennessee. I have exhausted all of the campaign donations that were sent to me and the only thing I have left is more shoe leather and gasoline to spend going door to door up until election day.

If you live here in Sevier County, Tennessee – or if you know people here in the county, I still need your help to spread the word among your family, friends, neighbors, and co-workers about there being another option on this year's ballot. My door-to-door campaigning has been going quite well. Almost to a person, I have heard encouraging words of support and excitement. In fact, I can count on less than two hands any negative responses I have received across the county. Keep in mind though that my rival in this campaign has vast sums of money that he has received. Mainly it comes from corporate interests or political action committee. Also, he has only spent a fraction of it so far. It makes me wonder why he is holding on to this money. Is he planning a last minute advertising blitz now that the reporting period for donations has expired and he won't have to submit another report until the end of the year? Or is he, like he has done previously, planning on donating it to other candidates and PACs? I guess we will not know until the end of the year.

Ladies and gentlemen, win or lose, it has been both a pleasure and an exhausting exercise campaigning for the Tennessee House of Representatives. If I do not end up winning, I have received encouragement from many people in the community that I should not let this be a "one and done" campaign, including from my mother and my daughter and son-in-law. I am seriously contemplating it too. I will continue to pray about it, as well as include the most important person in my life while making the decision. My lovely wife – the person that has stood by my side since we said our vows nearly three decades ago and has encouraged me in all of my endeavors – her input will be the most important factor in that decision.

I do have to let you all know that I am quite disappointed in some of the supporters of my rival in this campaign. More than \$100 worth of campaign signs have come up missing or damaged during this campaign. I do want to caveat that though that it may not only be his supporters that are engaged in that activity. It just may be the rare communist in this county. Those that do like living in a Constitutional Republic and want to radically transform our nation into a pure Democracy, which will then end up in tyranny.

This quote from one of our Founding Fathers remains as true today as it was hundreds of years ago when he stated it –

“Remember democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet, that did not commit suicide.” – John Adams

If the commies at the local, state, and federal level are successful, that is what will be the logical conclusion of their work in our nation. We cannot allow that to happen. So, win or lose, I will continue the work of trying to educate the electorate on their responsibility for citizenship in a republic. I will also continue the work of exposing the activities of the usurpers of liberty in Nashville and Washington, DC and the financial interests that support them.

I would like to encourage you all to keep standing in the arena with me no matter the outcome of this election. To save our Republic, we must all take a stand in the arena. We must do it not only for ourselves, but for all future generations so they can grow up and enjoy living in the greatest nation on the face of the earth.

I also want to express my deepest appreciation for those that have assisted with this campaign. From those of you that jumped onboard from the outset, to the newest volunteers. It does this old Master Chief's heart some good to see other Patriots invested in saving the Republic through a political solution before that option expires and is no longer available to us.

Yours in liberty,
Larry
